SUMMARY

Enthusiastic BCA student with a solid foundation in computer science. Possesses strong technical skills and a passion for creating innovative technologies. Seeking opportunities to apply knowledge and drive technological advancements and to contribute to innovative projects and expand my expertise in Web / Software development or other relevant field.

SKILLS

HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB
Web Designing, SQL (DBMS), Python, Microsoft Office, Git, GitHub.

Projects

MEDIAVIBE MEDIA PLAYER

- Developed a music player website using HTML, Tailwind CSS, JavaScript, and Express.js.
- Implemented a MongoDB backend to manage user data and playlists.
- Integrated various music playback functionalities and a responsive design.

Weather Website

- Created a weather forecasting website using React and Tailwind CSS.
- Utilized OpenWeather API to fetch and display real-time weather data.
- Built the backend with Express.js to handle requests and API integration.

News Website

- Designed and developed a comprehensive news website with multiple category pages (Health, Political, Entertainment, etc.).
- Implemented an admin panel for data management and content upload.
- Integrated RESTful API for seamless communication between frontend and backend.
- Utilized React, Tailwind CSS, Express.js, and Firebase for frontend, backend, and database management.
- Incorporated OpenAI's GPT model to create a chatbot AI for user interactions.
- Future goals include adding more features and enhancements.

EDUCATION

Chandigarh University
Bachelor's in Computer Application , CGPA : 7.84

Aug 2021 - Jun 2024

KL Arya D.A.V Public School , Hisar
12th , Percentage: 92%
10th , Percentage: 84%

Apr 2020 - Mar 2021
Apr 2018 - Mar 2019

CERTIFICATIONS

REACT JS from Infosys Springboard
